PROFESSIONAL SUMMARY

Full-stack developer with **15+ projects** built, from a multi-tenant SaaS on a **60+ table PostgreSQL schema** to multilingual (English, Arabic, Hindi) corporate sites with admin CMS editors and 3D experiences. Strong on **React, Next.js and TypeScript** in the front end and **Supabase with Row Level Security** on the back end. Security-trained (CEH, penetration testing), so access control and data isolation are designed into the first schema instead of patched in later.

CLIENT PROJECTS

Dream of Gamers — *multi-tenant gaming-club SaaS* 2026

React · TypeScript · Supabase · PWA

- **Platform:** Runs a gaming lounge end to end across 25+ modules: live table POS, billing (cash, UPI, credit), canteen and stock, cashbook, tournaments, analytics and loyalty coins.
- **Two apps:** A staff app for the floor and a customer portal with live weekly leaderboards, player stats, streaks and profiles, installable as a PWA.
- **Data design:** 60+ table PostgreSQL schema with tenant isolation enforced through Row Level Security.

Mavins — *corporate websites for three regions* 2026

TanStack · Supabase · Motion · Lenis

- **Three live sites:** Saudi Arabia, Egypt and International (mavins-sa.com, mavins-eg.com, mavins-intl.com) in six languages, including right-to-left Arabic.
- **Experience:** Blender-rendered city hero with parallax and smooth scrolling, plus an optional Three.js 3D hero on phones.
- **Admin:** Supabase admin CMS with draft and publish, revision history, live responsive preview and an enquiry inbox.

Expocircle CRM — *agency operations* 2026

React · Supabase · AI SDK · dnd-kit

- **Workflow:** Kanban boards, capacity planning, attendance tracking and client portals for a design agency.
- **Automation:** AI-assisted flows and PDF reports.

Axia Consulting — *advisory firm website and field app* 2026

TanStack · Supabase · TipTap · Expo

- **Website:** CMS-driven site with a rich-text editor (axiaconsulting.in, axiaksa.com).
- **Mobile:** Expo order app with RLS-protected photo and voice uploads, order progress and private chat.

Sunrise School — *website and role-based PWA* 2026

React · GSAP · Supabase · i18n

- **Product:** Live school website (spssherda.in) with an admin CMS, plus an installable PWA for marks, homework, attendance, fees and report cards in English and Hindi (built and tested, not yet public).
- **Security:** 144 automated Row Level Security checks (plus 93 against the live database) prove that each role only sees its own data.

Elaziz & Co — *law firm website* 2026

React · Vite · Supabase

- **Bilingual:** English and Arabic with a full right-to-left layout and language switching.
- **Interaction:** Interactive SVG alliance map on desktop and prerendered EN / AR pages for SEO.
- **CMS:** Supabase-backed CMS with bilingual article editing (elazizfirm.com).

Personal portfolio — *Next.js site with motion design* 2026

Next.js · React · Tailwind CSS · GSAP · Lenis

- **Motion:** Multi-page site with GSAP text animations and Lenis smooth scrolling that respects reduced-motion settings.
- **Delivery:** Static export with a custom image loader, built to run on shared hosting.

Office Interior 3D — *interactive 3D experience* 2026

Next.js · React Three Fiber · Three.js · Blender

- **Experience:** Four concept interiors (office, retail, residential, cafe) in real-time 3D: Blender models, hotspots and a live finish selector that feeds a project enquiry.
